independent lighting designers
working within
the Thorburn Associates family of services:
Acoustical, Technology, and Lighting Design

Why use an independent lighting designer?

- + We do not sell lighting fixtures, allowing us to remain impartial and protect the owner's interests
- + We create the highest quality lighting environments that fully use the transformative, expressive, and healing powers of light by balancing:
 - + Human and aesthetic needs
 - + Architectural requirements
 - + Economics and energy efficiency
- + We conceptualize a luminous environment to fulfill those needs
- + We communicate that concept clearly through the selection, placement and direction of luminaires

PATRICK GALLEGOS, IALD, LC

Gallegos Lighting is managed by Patrick Gallegos. Patrick has a passion for creating environments that emphasize and enhance the human experience.

Patrick has over thirty years of architectural lighting design experience:

> Walt Disney Imagineering	Senior Lighting Designer	1980 - 1983
> Gallegos Lighting Design	Founder/Principal	1983 - 2006
> X-mth Gallegos Lighting	Managing Principal	2006 - 2009
> Gallegos Lighting/TA	Managing Principal	2010 - present

Over 60 lighting design awards from: IALD, IES, GE

MANAGING PRINCIPAL

Services

Gallegos Lighting provides any or all of the following lighting design services:

- Front-end Review and Analysis
- Concept Development
- Virtual Modeling
- Energy Analysis
- Sustainable Design
- LEED Consultation
- Daylight Modeling
- Luminaire Layouts
- System Specifications
- Control Analysis and Design
- Custom Luminaire Design
- Budgeting & Cost Tracking
- Bidding and Negotiation Interface
- Mock-ups
- Installation Oversight
- Design Commissioning

We are lighting designers, not lighting engineers. We start and end with lighting that is dictated by the human experience and human needs in a specific space.

In summary...

- ▶ We are passionate about what we do
- ▶ We get that the experience of the users is paramount
- ▶ We give you full integration with other disciplines
- ▶ We will head off problems, not create them
- ▶ We understand the need for walking lightly upon the earth without compromising the experience.
- ▶ We track costs from concept to completion to work for the benefit of the owner, not the contractor
- ▶ We will give you lighting that will look great!
